PROFESSIONAL SUMMARY

Aspiring Data Analyst with hands-on project experience in Python, SQL, Microsoft Excel, and Power BI. Skilled in data cleaning, exploratory data analysis, data visualization, dashboard development, and extracting actionable business insights from datasets. Experienced in analyzing food delivery data, identifying business trends, and presenting insights through interactive dashboards. Eager to apply analytical and problem-solving skills to support data-driven business decisions.

SKILLS

Programming & Data: Python, SQL, Pandas, NumPy, Data Cleaning, Exploratory Data Analysis (EDA)

Visualization & Databases: Power BI, Microsoft Excel, Matplotlib, Seaborn, MySQL

Analytics Concepts: Data Analysis, Statistical Analysis, KPIs, Data Visualization, Business Insights, Data Modeling

Tools: Google Colab, Jupyter Notebook, Git, GitHub, VS Code

PROJECTS

Food Delivery Analytics Dashboard

Technologies Used: Python, Pandas, SQL, Excel, Power BI

- Cleaned and transformed raw food delivery data by handling missing values, duplicates, inconsistent records, and data types.
- Performed exploratory data analysis using Python, Pandas, Matplotlib, and Seaborn to identify trends and patterns.
- Used SQL and Excel to aggregate, filter, and analyze data for business insights.
- Developed an interactive Power BI dashboard using Power Query, data modeling, DAX measures, KPIs, slicers, and visualizations.
- Analyzed revenue, order trends, delivery performance, customer behavior, and location-based business metrics.

Image Processing Techniques for Emotion Recognition

Technologies Used: Python, Image Processing, Machine Learning

- Collected and preprocessed facial image datasets for emotion recognition.
- Applied image processing techniques for face detection and feature extraction.
- Developed machine learning and deep learning models for facial emotion classification.
- Evaluated model performance and analyzed prediction results using performance metrics.

INTERNSHIPS

Data Analytics Intern – Oasis Infobyte (AICTE OIB-SIP) Aug 2026 – Sep 2026

- Completed a one-month Data Analytics Internship under the AICTE OIB-SIP program.
- Applied analytical and problem-solving skills to assigned projects and completed tasks within deadlines.
- Demonstrated technical proficiency, independent working ability, and teamwork.
- Recognized as a Star Performer for dedication and contributions during the internship.

EDUCATION

Bachelor of Technology in CSE (Cyber Security) 2022 – 2026
Guru Nanak Institutions Technical Campus, Ibrahimpatnam, Hyderabad
CGPA: 7.8/10

Intermediate (MPC) 2020 – 2022
Impulse Junior College Percentage: 73.2%

CERTIFICATIONS

- Python Programming – Onroadmap
- Data Analytics Essentials – Cisco
- SQL Advanced – HackerRank
